The best way to keep Delaware County affordable for seniors?

Tax the oil and gas companies instead.

It's absurd that many of Delaware County's seniors are stuck paying high property taxes, while the oil and gas companies don't pay a dime in taxes for the gas they take out of the ground.

Our seniors deserve better.

I'm fighting to pass tax reform that taxes these companies and uses the proceeds not only to lower property taxes, but also to make prescription drugs more affordable and provide access to more home health care options.

That's the right and fair thing to do.
